

TBI Therapy
Regenerative Therapy for Brain Injury

STANDARD PRP-RPC Package

TBI and Concussion Testing

tbitherapy.com/testing-for-tbi

- WAVi EEG: An FDA-cleared, non-invasive diagnostic system that measures brain electrical activity and processing speed in real time
- RightEye Eye Tracking: Assesses and tracks the visual impacts of concussions, traumatic brain injuries, and neurodegenerative conditions

TBI and Concussion Treatments

I. Hyperbaric Oxygen Therapy (HBOT)

tbitherapy.com/hbot

Benefits: Angiogenesis, decreased inflammation, tissue regrowth, mobilization of stem cells, increased metabolic activity

II. Intranasal and Intravenous PRP-RPC (Regenerative Plasma Concentrate)

tbitherapy.com/rpc

Benefits: Ozonated regenerative plasma treatment combines concentrated platelet growth factors (from both platelet-rich and platelet-poor plasma), autologous stem cells, essential nutrients, and therapeutic peptides. Harvested from the patient's own blood through a simple draw, RPC is prepared and infused to stimulate cellular regeneration, support recovery from injuries, and optimize overall brain function.

III. IV Nutrition

tbitherapy.com/cellular-nutrition

Benefits: Improved metabolic activity, improved detoxification, reduction of systemic pain and inflammation

IV. Cranial Osteopathy

tbitherapy.com/cranial-osteopathy

Benefits: Improved CSF flow, reduction of headache pain, improved nourishment

TBI Therapy
Regenerative Therapy for Brain Injury

V. Ketogenic Diet and Nutritional Consult

tbitherapy.com/cellular-nutrition

Benefits: Improved protection from oxidative stress, increased synthesis of calming neurotransmitters (including GABA)

VI. Dietary Supplements – 2 pills twice a day

1. [Elk Antler by High Wire Ranch](#) - Anti-aging factors, immune system support and fortification mood disorders, blood enrichment, fighting liver disease, bone and joint health including management of pain associated with arthritis, bone and muscle growth and development, energy as well as many other benefits.
2. [BrainON by E3Live](#) - Promotes mood balance, enhanced focus, ability to manage everyday stress, modulates neurotransmitters, supports healthy inflammation responses.
3. [Stem XCell by Enzymedica](#) - Contains a university-researched blend, NT-020, consisting of Blueberry, Vitamin D, Green Tea Extract and Carnosine. Scientific data suggests supplementation of NT-020 promotes the growth and health of stem cells, encouraging cell renewal. Unique enzyme blends have been added to protect the cells from the harmful effects of free radicals and help support the proliferation of stem cells.
